tongues an interior monologue where daydream and nightmare coalesce as one man recalls his life communicated as from analysis and to analyst

this book explores the development of contemporary theatre in the united states in its historical political and theoretical dimensions it focuses on representative plays and performance texts that experiment with form and content discussing influential playwrights and performance artists such as tennessee williams adrienne kennedy sam shepard tony kushner charles ludlum anna deavere smith karen finley and will power alongside avant garde theatre groups saddik traces the development of contemporary drama since 1945 and discusses the cross cultural impact of postwar british and european innovations on american theatre from the 1950s to the present day in order to examine the performance of american identity she argues that contemporary american theatre is primarily a postmodern

drama of inclusion and diversity that destabilizes the notion of fixed identity and questions the nature of reality

this book uncovers how violence stems from our desires it explores why we compete envy and sometimes escalate conflicts into war from wanting material things such as cars or prestigious jobs to seeking power or influence desire can often lead to violence the book shows how this plays out in major historical events such as 9 11 and the two world wars drawing from literature pop culture psychology mythology and religion it explains how desire is always mimetic or imitative we desire what another person wants while mimetic desire can be a constructive mechanism it is also capable of creating violent mechanisms such as the scapegoat mechanism which we have seen throughout history in looking at jesus christ s passion and resurrection we see how he uncovered the scapegoat mechanism and along with his teachings offered a viable path to peace and an end to violence

few american playwrights have exerted as much influence on the contemporary stage as sam shepard his plays are performed on and off broadway and in all the major regional american theatres they are also widely performed and studied in europe particularly in britain germany and france finding both a popular and scholarly audience in this collection of seventeen original essays american and european authors from different professional and academic backgrounds explore the various aspects of shepard s career his plays poetry music fiction acting directing and film work the volume covers the major plays including curse of the starving class buried child and true west as well as other lesser known but vitally important works a thorough chronology of shepard s life and career together with biographical chapters a note from the legendary joseph chaikin and an interview with the playwright give a fascinating first hand account of an exuberant and experimental personality

the men in plays such as arthur miller s death of a salesman or sam shephard s true west are often presented as universal little attention is given to the gender dynamics involved in the characters this work looks at how

contemporary playwrights including Miller, Shepard, Eugene O'Neill, David Mamet, and August Wilson stage masculinity in their works. It becomes apparent that male playwrights return often to the issues of troubled manhood usually masked in other issues such as war, business, or family. The plays indicate both the attractiveness of the model of traditional masculinity and the illusive nature of this image which all too often fractures and fails the characters who pursue it. O'Neill's play *The Hairy Ape* and the character Yank receive much attention.

Sam Shepard, the noted contemporary playwright and movie star, creates his own version of the American myth in a super-realistic avant-garde world of cowboys, gangsters, artists, and rock stars. Thirteen of Shepard's plays have appeared in Germany, Switzerland, and Austria to understand Shepard's reception. Carol Benet probes many neglected areas concerning the German language productions. She examines the roles of the translator, talent scout, agent, publisher, theater staff, critic, local government, and even the program book in the reception of a foreign playwright. The answers elucidate a more fundamental question: how is the canon of dramatic literature established?

The author of *A Streetcar Named Desire* and *Cat on a Hot Tin Roof* drew on personal and family drama for material. Essays examine how Williams's confessional style influenced Inge Mamet, Kushner, Lori Parks, and others. There is a special study of African American theater features, an interview with Albee on Williams's influence, and a publisher's special study of African American theater features.

The four-volume set consists of ninety-seven of the pamphlets originally published as the University of Minnesota Pamphlets on American Writers. Some have been revised and updated.

The playwrights profiled in this volume range from those active at the very beginning of the century to some just emerging by the new millennium. This collection of biographies represents the diversity of both form and content in the twentieth-century American theatre.
